

## TROX HAS THE BIGGEST AWARDS HAUL AT CLIMATE CONTROL AWARDS 2016

TROX Middle East wins the Manufacturer of the Year for the third consecutive year.

Takes home three trophies for Manufacturer of the year –Ventilation and Air treatment as well as the trophy for its Xsmart Air Marketing Initiative.

TROX Middle East announced that it had won the prestigious ‘Manufacturer of the Year’ for the third year in a row for its X-Cube line of Air Handling Units at the Climate Control Awards, in Dubai.

They also won the award for the coveted “Manufacturer of the Year- Ventilation” for their line of products that works on demand based extraction and ventilation strategies. After celebrating last year with an honorable mention for their Xsmart Air marketing campaign, this year they won the award with their ‘Air is Life’ initiative with the American University in Dubai.

Trox Middle East celebrated 40 years in the Middle East in 2016 making it one of the oldest and most prestigious brands to have a local presence. Matthias Kasprovicz, Regional Managing Director of TROX Middle East said: “TROX is a global leader in sustainable HVAC solutions and has taken an energy efficient and green approach in its total HVAC solution offering which will help the Middle East meet its sustainability goals. We’re honored to have our efforts recognized with winning the awards for best manufacturer for controls and air movement, our new product lines which will enable the market to have highest quality solutions from a single source, which are well-engineered and totally harmonized.”

The ventilation line of products from TROX were recently introduced into the TROX portfolio and the AHU’s were only introduced to the Middle Eastern Market in early 2015.

TROX is the market leader in the development, manufacture and sale of components, appliances and systems for indoor air conditioning and ventilation. Dedicated research has made TROX a leader of innovation in these fields.
