- Excellent acoustic properties

Dissolving your problem into thin air

AIR DIFFUSERS FOR OPTIMUM INDOOR AIR QUALITY

Air should be added to the room in an individually regulated, precisely dosed manner. The objective is to obtain the best possible air quality in the occupied zone, and stable, homogeneous ambient temperatures. Regardless of whether inductive, displacement, or procondive ventilation is required, TROX and HESCO always offer the ideal diffuser.

TROX ceiling, wall, staircase and floor diffusers were designed in corporation with well-known designers and architects so that they act as design elements for architects and, at the same time, fulfil demanding ventilation and acoustic requirements.

Get in touch with us - our diffuser programme also offers you an ideal solution.
