Football Special 2014

The Estádio Castelão can be found in the popular tourist destination Fortaleza. The stadium dates actually back to 1973, i.e. it was not built specifically for the 2014 event. Renovation work in 2002 resulted in a new roof and two new parking decks. The stadium will also be one of the venues for the 2016 Summer Olympics.

Construction period: 1969 to 1973 Capacity: 58,300
