To align with the theme "Transforming thought through innovation, collaboration", we are glad to announce that [TROX Middle East Africa](#) will display its new innovative solutions in the 6th Edition of World IEQ Forum in UAE.

In view of IEQ, it is our goal to create a perfect environment with the best possible working conditions and the best possible room air conditions.

Over the past few decades, this objective resulted in sustainable solutions that increase the well-being of people.
